

①

How to make a spider

you will need:

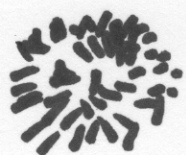

- 2 paper bag handles
- scissors

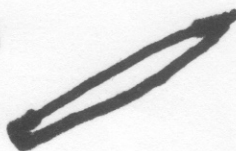

- tape or a stapler
- a glue gun or bottle of glue

- a selection of large and small pom poms -

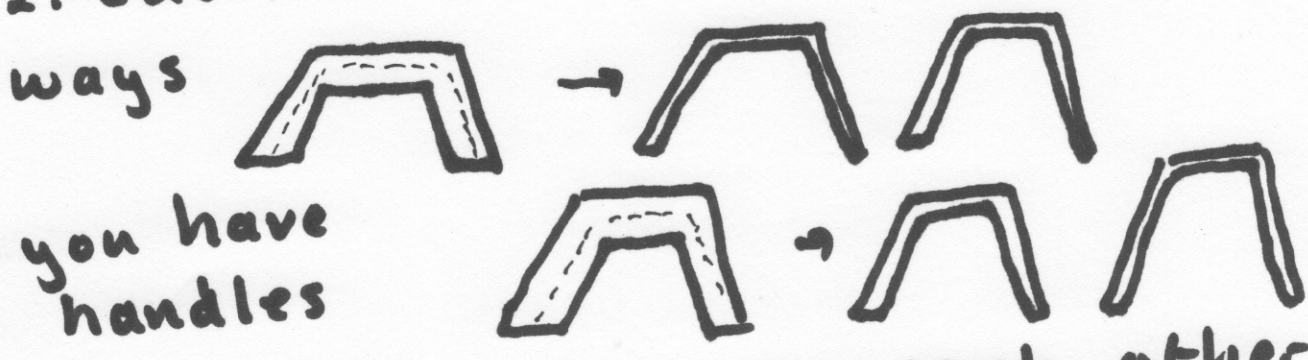

- one helpful grown up
- one marker pen

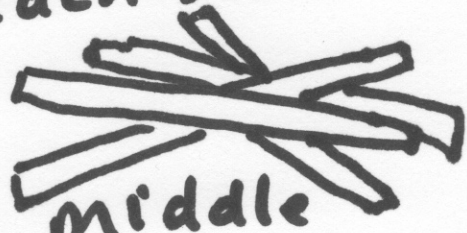

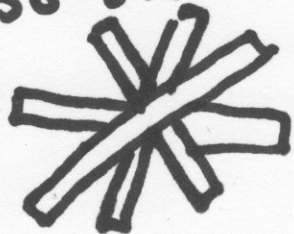

② make a spider!

- steps: 1. take the handles off the bag
2. cut the handles in half length ways

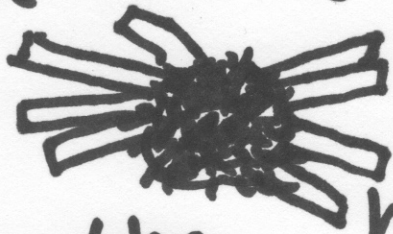

now you have 4 handles

3. lay the handles over each other so the middles meet like a star
4. twist them so four legs are on each side

5. staple them together in the middle
6. glue the big pom pom onto that middle spot to make a body
7. glue the little pom pom next to the big one to make the head

8. now you have a spider!
